We design curriculum for an organization’s specific needs, which may include subject matter in business and management, technology, engineering and sciences. Our trainers are both seasoned SF State faculty and leading industry experts, who deliver high-quality learning outcomes. These learning outcomes include both theoretical understanding of the material, as well as practical knowledge that can be applied to the student’s real-life work environment.

Partial client list:
- China Ministry of Education
- China Scholarship Council
- Chinese Academy of Social Sciences
- Guangzhou Medical University
- Wuhan Polytechnic University
- Hainan Bank

SF State has a campus in downtown San Francisco close to Twitter headquarters, Autodesk, Wells Fargo and many other recognized companies.
About SF State
SF State was established in 1899 and is recognized as one of the premier public universities in the San Francisco Bay Area and the United States. The University is committed to providing innovative, high-quality undergraduate and graduate programs for students, as well as continuing and professional educational opportunities to local, national and international audiences. SF State educates 30,000 students, including 1800 international students from over 100 countries each year.

Between the San Francisco Bay Area creative and entrepreneurial business environment, the area’s natural beauty and exciting destinations, including Napa and Sonoma Valleys, there is no doubt why SF State’s location draws students and professionals from around the world.

Highlights:
• Programs are tailored in length and vary from one to six weeks.
• Curriculum is designed to offer the most current theory and practices in over twenty content areas.
• Professional interpretation is provided.
• There are two San Francisco training locations, including the SF State campus at the Westfield Centre, 6th Floor in downtown San Francisco. Downtown San Francisco is a dynamic area, which includes Market Street and Union Square, where you can find a wide range of lodging, dining, shopping and entertainment.
• SF State has partnerships with a variety of San Francisco Bay Area Fortune 500 and start-up companies, government agencies and peer universities. The program includes visits with some of these business, government agency and university partners.
• Optional-On-campus housing is available at the 19th Avenue Campus located at the intersection of 1600 Holloway and 19th Avenue in San Francisco. On-campus housing offers students an integrated and convenient experience, as well as MUNI bus and light rail train transportation.

Areas of Expertise:
• Higher Education Administration
• Business Administration, Management, Banking and Finance
• Big Data Analytics and Decision Management
• Public Health and the United States Medical System
• Information Technology
• Biology and Life Sciences
• Entrepreneurship and New Business Ventures
